OverviewThe Zoanthropes return in this sequel to the popular animal-transformation based fighting game. DeeSuch rates this game: 5/5Great combinations, smooth countering and move transition, as well as an active storyline putting it all together make this game well worth the download time. MidwestZach rates this game: 1/5I couldn't get this to work correctly on my Android Motorola Droid X2 running FPSe. I get other games to run smoothly, but bloody roar 2 was choppy, and messing with the video componenets couldn't get it to work correctly. Either it runs smoothly, but slowly; or quickly but frame skips. Not patient enough to play it at 1/4 speed and it was ridiculous to try a fighter with frame skips. Too bad, it was my #2 choice for psx games. Sinomra rates this game: 5/5Cool combos, nice moves, beast form. and a 2d graphics-fighting game, what more can you ask for? This game is really worth your time. Page 2 ROMs » M.A.M.E. - Multiple Arcade Machine Emulator » B » Bloody Roar 2 (USA)Genre: ActionFightingBrawlerRating: ESRB: THow to Play this Game ? Chaz rates this game: 5/5A very good, over-looked fighter for the PlayStation. This game allowed you to fight others much like other games, but with the addition of being able to transform into a large "Beast" capable of ripping your opponent apart with amplified power and special combo moves. Each character has their own story, and I have to say that they aren't bad. Much better than one would expect from a fighter on any console. The gameplay is often fluent and very easy to grasp while hard to master. I highly suggest this game to anyone looking for a fun fighter on the PlayStation. 5/5 Page 2 ISOs » PSX on PSP » B » Bloody Roar (USA)Genre: ActionFightingRating: ESRB: THow to Play this Game ?
