Certificate of Merger for Domestic and Foreign Business Corporations Certificates of Merger pursuant to Sections 904, 904-a, 905, or 907 of the Business Corporation Law may be drafted by the filer by following the requirements of the appropriate section of law. The certificate must be enclosed in a white cover sheet that sets forth the title of the document and the name and address of the individual to whom the receipt for the filing should be mailed. The completed Certificate of Merger, together with the filing fee of \$60, should be forwarded to: New York Department of State, Division of Corporations, One Commerce Plaza, 99 Washington Avenue, Albany, NY 12231. \$60 filing fee for Certificate of Merger. All fees must be paid by cash, check, money order, MasterCard, Visa or American Express. To pay for a fee using your credit card or debit card, complete and sign the Credit Card/Debit Card Authorization Form and submit it to the Division of Corporations with your request for service. Checks and money orders should be made payable to the "Department of State." Please do not send cash through the mail. All checks over \$500 must be certified. Expedited Handling Services: (optional) The NYS Department of State's Division of Corporations offers expedited processing of time-sensitive documents. For an additional fee, the Department of State will process a document within the following time frames for the additional fee indicated; \$25.00 per document for processing within 24 hours, \$75.00 per document for processing within the same day, or \$150.00 per document for processing within 2 hours. The additional, non-refundable fee for expedited processing service must be paid by a separate check or money order or indicated in the appropriate space on the Credit Card/Debit Card Authorization Form. The Division of Corporations accepts MasterCard, Visa and American Express for the payment of fees. To pay for a fee using your credit card or debit card, simply complete and sign the Credit Card/Debit Card Authorization Form and submit it to the Division of Corporations with your request for service. The Credit Card/Debit Card Authorization Form submitted with any request for services must specifically indicate the level of expedited service requested. The envelope bearing documents for filing and other requests for expedited processing services must be marked with the notation "Expedited Processing" on the envelope. The name(s) of the corporation(s) and business entities and its date of incorporation/formation/authorization provided on this certificate must exactly match the records of the Department of State. This information should be verified on the Department of State's website. Getting files from Drive Getting files from Dropbox Uploading file 0 of 0 Time left - seconds - Upload speed - MB/S Merging PDFs... Woops! Something is wrong with your Internet connection... Seamlessly merge multiple files into a single document. Whether you're dealing with images (JPG, PNG, SVG, WEBP, GIF, BMP), office documents (DOCX, DOC, RTF, ODT, WPS), web documents (HTML, Markdown), or other file formats, Merge Documents app has got you covered. This tool simplifies the process of joining multiple files together. No more jumping between various applications or dealing with incompatible file formats. Merger offers a range of features for maximum efficiency: You can join multiple files at once and productivity for tasks like combining sections of a report or bundling document scans. The 'Use OCR' option allows you to identify text in images and extract it. This makes the text searchable and editable in the output document. You can select the OCR language from the list. Combine your PDF with confidence - no registration required! UPLOAD FILES Unlike traditional DOC files — such as those you create with Microsoft Word or Google Docs — a PDF looks the same on any system. This is because DOC files pull information from the system on which it's opened, such as installed fonts and other operating system-specific details. PDFs, however, are more akin to images, so they always look the same. This versatility makes PDFs perfect for sharing documents on the internet! However, they also are more difficult to edit and can be tricky to work with, so there are trade-offs. Why would you need to combine PDFs? If you have a DOC file and you want to add parts of another DOC file to it, the process is simple: just cut-and-paste everything from one to the other. With a PDF, it's not so simple. Unless you have PDF editing software, you can't add a new page. It's also tricky to copy text from one PDF to another, especially if one PDF is a scan of physical paper. Thankfully, we can combine a PDF for you for free without any additional software! How to combine PDF files for free? Our tool above can combine two or even up to 20 PDFs for you. This is an easy way to bring multiple PDFs together into one. To start, hit the "UPLOAD FILES" button and upload up to 20 PDFs. Conversely, you can drag and drop your PDFs to the area that says "Drop Your Files Here". Once you've uploaded all your files, make sure they are in the correct order. Our tool will put the first PDF at the top of the new PDF, the second one underneath that one, and so on in that order. You can drag and drop your files in the queue to make sure they are right. When everything looks good, hit the "COMBINE" button. Our system will combine all the PDFs into one PDF and start the download for you. Do you want to combine more than 20 PDFs? You can do that too! Combine your first 20 PDFs using the steps we just discussed. Then, upload that combined PDF you just made along with the rest of the PDFs you want to add. Hit "COMBINE" again to get a new, even longer PDF. You can do this as many times as you need! One thing to remember, though, is that you must download your combined PDFs within one hour. If you do not, you'll need to re-upload your files and try again. Simple Online Tool to Combine PDFs With our Merge PDF tool, combining multiple files into one document is quick and effortless. Simply upload your PDFs, and our tool takes care of the rest. It's free to use, with no hidden steps, and no registration needed. Secure Online PDF Merging Your files are secure with us. Your uploaded files are encrypted using TLS, and they're automatically deleted from our servers after one hour. For more details, check out our privacy policy. Works on Any Device Merge multiple PDFs easily right from your web browser—no downloads or installations required. Combine PDF documents seamlessly on Mac, Windows, Linux, or mobile. Prefer offline? Use our Windows app on your computer for fast and efficient merging anytime. Preview and Organize with Thumbnails Upload your PDFs, and we'll show you a preview. Rearrange PDF pages into the desired order, delete what you don't need, or add more files before merging. It's quick, simple, and fully customizable to suit your needs.
